HORTUS NURSERIES

SYOSSET, LONG ISLAND, N. Y.

TELEPHONE: OYSTER BAY 388

Mrs. W. B. Devereux

Mrs. George A. Crocker

We specialize in growing the better and more unusual varieties of shrubs and perennials. We are constantly adding to our collection and have a number of recent introductions in quantities too small to list. We are glad to show these at any time but visitors will ensure the presence of someone familiar with all the stock by telephoning for an appointment.

We are prepared to furnish all kinds of plant material, seeds, bulbs, garden supplies and equipment. Our effort is to provide good stock at low prices and we put our knowledge of growers and specialists at the disposition of our customers.

SHRUBS, VINES. GROUNDCOVERS

AKEBIA QUINTATA: Five Leaved Akebia, 3 yr from pots	each	
Vine with small purplish flowers in May and foliage which hangs on late into the fall.		.75
